Good Afternoon Ladies & Gentlemen,

My name is Laura Lillian Dickerson and I am employed at the 2nd District Workers Compensation in Norwich. My concern regarding the support of this Bill #159 stems from documents from my 2011 Divorce Matter were sent to Assistant Attorney Nancy Brummett, who represents Norwich Superior Court Chief Deputy Clerk Kara Parkinson who is a defendant in a Federal Civil Rights Law suit that my daughter, Habiba Abdur Nakeem filed against Parkinson & her Co defendant Corine McCarthy for racial discrimination and harassment on the job AKA Workplace Bullying. I maintain that my Divorce Documents had absolutely nothing to do with this law suit as it was sent from the Norwich Superior DA's Office (Kara Parkinson's office) after I filed for a change of venue because of her abuse of the position at the Norwich Superior Court. ~~Kara Parkinson~~

I consider Kara Parkinson's act of sending my Divorce Documentation to the Assistant Attorney General representing her in this Federal Matter as an act of retaliation but what is even more disturbing is the Assistant Attorney General ~~Released~~ Nancy Brummett forwarded my divorce documentation to my immediate Chairman John Mastropietro of the WSC and to Assistant Attorney General Phil Schulte.

who deals with Workers Compensation Claims
of which I have 8 on file. Assistant Attorney
General Mary Brault, forewarned Chairman
Mastaglio that Senator Edith Prague had
been advised of the Federal Civil Matter
of My Daughter, Habiba Abdur-Hakeem.
This is the main I consider AAC action of
Forwarding my Divorce documentation to
My supervisor an attorney act and view
her as a participant in Repleading against
my daughter for filing a Federal Civil
Rights Case for Racial Discrimination
& Harassment on the job AKA Workplace Bullying.
Therefore I give my total support for
Senate Bill # 159 "An Act Concerning
Employee Privacy".
